The smuggled foreign watches had been purchased by the Janatha Bazaar from the Excise Department for sale to the public. But, the watches instead of being sold to them had been sold to the shop, it is alleged. The Janatha Bazaar authorities had shown in their account books that the 480 watches had been sold to different persons in one day alone, it is said.

The raid was conducted under the supervision of Assistant Collector Krishna Kant by Superintendent M. I. Shah and staff.

Plea For Poll Reforms

Mysore, April 14

Sri Nittur SrinivasaRao, former Chief Justice, suggested yesterday framing of a suitable legislation based on the verdict of the Supreme Court on party expenditure in elections.

Inaugurating the one-day symposium on "electoral reforms", organised by the H. C. Dasappa Institute of Public Affairs, he supported the Tarakunde report on electoral reforms and said it was realistic and should be adopted.

He said the right to recall an elected representative would be a complex procedure and was not practicable. As regards proportional representation he felt that it would lead to corruption. Electoral reforms were not possible by legislation alone, he said.

INJUSTICE TO WOMEN

Smt. Yashodharamma Dasappa, who presided, criticised that injustice had been caused to women under the Land Reforms Act. Of recent, many of the rights of women had beeen eroded, she regretted. It was regretting that in a country like India women had only about 25 seats in Parliament. If women came to power she was confident that there would be less corruption. She said that political parties were wasting heavy funds on elections.

Smt. Yashodharamma announced the donation of her house "Yasho Vilas" in Vontikoppal to the H.C. Dasappa memorial trust for the trust activities.

Sri A. Ramanna welcomed the gathering. Messrs P. M. Chikkaboriah, L. Srikantiah, Gangadharan, Ananthakrishna, Tulsidas Dasappa, MP, Smt Damayanthi Bore Gowda and others participated in the symposium. Sri B.R. Pranesha Rao proposed a vote of thanks.

KARNATAKA 1972-1975

KARNATAKA STATE HAS ACHIEVED NOTABLE PROGRESS IN IMPROVING THE CONDITIONS OF THE PEOPLE AND IN SETTING UP OF AN EQUITABLE SOCIETY UNDER THE LEADERSHIP OF THE CHIEF MINISTER, SHRI D. DEVARAJ URS.

The aspiration of the Kannadigas to rename the State as Karnataka, which symbolises the heritage and aspirations of the people, has become true.

With the revolutionary amendment to the Karnataka Land Reforms Act, the tenancy system has come to an end. With the lowering of the ceiling limit, 90,000 land-owners will give up their right on the extra land they own to the Government. This will be distributed to Harijans, Girijans and landless workers.

During the past three years, irrigation facilities have been provided to three lakh hectares (hectare 2½ acres) by spending Rs. 100 crores.

The first stage of the giant Kali hydro-electric project is expected to be completed by 1977. Till March 1972, 12,653 villages have been electrified. The number of such villages has increased to 17,000 now.

Food production has increased from 60.65 lakh tonnes to 64 lakh tonnes. The increased production of the best variety Varalakshmi cotton is notable from 1973-74.

Bangalore City's water supply position has been eased by completing the Cauvery water supply scheme. Drinking water wells have been sunk in 8,450 villages to provide drinking water. Bore-wells have been constructed in 1,945 villages with the assistance of the U.N.

A special police squad has been formed for proper implementation of the Untouchability Act.

Development programmes have been taken up through co-operative societies for the upliftment of weaker sections, Harijans, Girijans and educated unemployed.

Under the scheme to provide house-sites for houseless people, over 3 lakh house-sites have been distributed so far. Under the Janatha Housing Scheme, construction of 14,376 houses have been undertaken and Rs. 1 crore have been provided for further construction of 21,000 houses.

Under the Special Employment Scheme and programme of creating 5 lakh jobs, employment for 16,100 people and training for 8,500 people have been provided.

About 40 big industries have been started in the industrial sector to provide employment to 12,000 people. Apart from this 7,000 small scale industries are being started in backward districts.

The newly constituted Karnataka Forest Industries Corporation has started new industries. Mangalore all weather harbour has been commissioned.

A special programme to increase raw silk production from 18 lakh k.gs. to 55 lakh k.gs. has been implemented from 1973.

Private Buses Better, Cheaper

OPINES PAC PANEL

[From Our Correspondent]

Bangalore, April 19

The Public Accounts Committee on Public Undertakings has come to the conclusion that some of the services offered by the contract carriages in Mysore division were "definitely better, more efficient and often cheaper" than those of the KSRTC and therefore they attract all the customers in preference to the corporation buses.

In its report on the KSRTC, the committee has observed that the division has been incurring losses continuously from 1969-70 till 1973-74, except during 1972 where there was a marginal profit. The loss in 1973 1974 was Rs. 30.26 lakhs.

The losses are stated to be mainly due to heavy clandestine operations by the contract carriages operated by private operators. It seems there are 193 contract carriages covering 36,000 kms. a day against 45,000 kms. operated by the KSRTC in the division. It is also stated that their fares are lower than KSRTC rates. For example, the fare difference between Mysore-Gundlupet was 50 paise, between Mysore-Nanjangud 20 paise and Mysore-K. R. Nagar 10 to 60 paise.

The clandestine operations by the contract carriages are stated to have increased from 1971-72 in Mysore and Hassan divisions. It is also stated that they do not observe any timings and that they either follow or go ahead of the KSRTC buses picking up passengers en route.

The committee feels that the Road Transport Authority and the police have failed to regulate the operation of private contract carriages. It only shows that they are not functioning properly.

DISSIDENTS IGNORE DIKSHIT'S VISIT

Bangalore, April 19

Sri Dikshit told newsmen that his visit was mianly to assess the party's position in the two by-elections. He admitted that the challenge to the party in these elections was serious and their outcome would have bearing on the coming elections in Kerala and Gujarat.

He said he was "absolutely convinced" that there was no conflict between KPCC President K. H. Patil and Chief Minister Devaraj Urs. Their differences appeared to be more of temperamental difficulty.

Satellite Functioning Well

The first Indian satellite "Aryabhata", now in orbit, was functioning normally and sending useful information. The Sriharikota station had already started receiving information from the satellite.

India entered the space age with the launching of the Bangalore-built 360-kg spacecraft from a cosmodrome in the Soviet Union on Saturday at 1p.m. India thus became the world's eleventh nation and the second developing country after China to orbit a satellite.

It took more than Rs. 5 crores and 26 months to produce the first flight model.

With the successful launching of the satellite, the Department of Space will initiate further discussions with the Soviet Union for facilities to launch the second satellite. Its payload will consist a television camera system.

Indian scientists had prepared two flight models of Aryabhata, so that a second satellite could be made available in case the first failed.

India will begin launching satellites with its own rockets only by 1978. A four-stage satellite launching vehicle is being designed at Thumba.

Panel To Probe KSRTC Leakage

PAC SUGGESTION

(From Our Correspondent)

Bangalore, April 22

The Public Accounts Committee of the State Legislature has recommended the immediate setting up of an independent high-power committee to investigate various aspects of the leakage of revenue in the State Road Transport Corporation, "as otherwise these evils may destroy the organisation itself".

In its report on the functioning of the KSRTC, it has said that there was large-scale leakage of revenue and rampant corruption and pilferage of genuine parts.

In order to improve the operational efficiency of the employees, it has suggested the introduction of comprehensive schemes of incentive to the drivers, conductors and staff members.

Though some schemes of incentives have been introduced by the Corporation, they were not sufficiently attractive and effective. It has recommended the adoption of cash collection bonus system as introduced by the Tamil Nadu Transport Corporation. Under this system, the driver and the conductor share five per cent of the total collections for each day. This would be an incentive to the conductor not only to be honest and account for every paise he collects but also to pick up as many passengers as possible and ensure that the tickets are issued.

The Corporation might try this scheme at least in the city services to start with and then depending upon their experience extend the same to other divisions, the Committee has suggested.

READERS FORUM

Sir,

Indifference To Civic Work

There has been a growing indifference in the Mysore City Municipality, particularly by the lower level officers, towards providing the public amenities and meeting their grievances. Although the higher officials take care to see that the orders are passed, the lower officials cause undue delay. Even letters written to them go unanswered. I request the higher level officers to take suitable action in this regard.

REVIVE BUS PASSES TO PUBLIC

(From Our Correspondent)

Bangalore, April 25

The Public Accounts Committee, in its report on the functioning of the State Road Transport Corporation, has suggested the revival of the system of issuing passes to the general public.

According to the KSRTC, the system had been discontinued as it was widely misused by the commuters. At present the corporation issued passes only to students and journalists and had not introduced any scheme for issuing monthly passes to the general public for travel in city services.

The Committee has said that it was not satisfied with the explanation given for discontinuing the system of issuing passes to the public. If there was misuse, ways and means of overcoming them should have been found out and the remedy was not to dispense with the scheme itself.

KSTDC Tours Inaugurated

Mysore, May 5

The number of tourists to Mysore City had dwindled without the Dasara attraction, Minister of State for Information R. Gundu Rao said here yesterday.

Inaugurating the conducted tours being organised by the State Tourism Development Corporation in and around Mysore, he called for concerted efforts to exploit the rich tourist potentiality in the State. The tourist spots needed more publicity, he said.

The Minister defended the 5-star hotels and said although ours was a poor country we had to bear in mind the standards of foreign tourists.

Sri Gundu Rao said he had suggested regular screening of Kannada films at the Karnataka Bhavan auditorium in New Delhi and also installation of a statue of Kittur Rani Chennamma in front of the Bhavan.

KSTDC Chairman Azeez Sait, who presided, urged the Government not to cancel the Dasara festivities at any cost this year. A decision had already been taken to hold the festivities, he pointed out.

He said the Corporation would soon add two more buses to its fleet of four. It was proposed to increase the number of buses to at least 15 in due course. The tourist centre in the city would be opened soon.

Corporation Managing Director M. D. Mariputtanna welcomed the gathering. Director S.N. Swamy proposed a vote of thanks.

Speaking to local newsmen at Nagarahole Game Sanctuary, he said the Dasara exhibition would be held at Doddakere maidan.

Managing Director M. D. Mariputtanna said the Indian Institute of Designs, Ahmedabadhad been requested to prepare a master plan for development of Dasara Exhibition complex and Nehru Loka at Mysore and international tourist complex at the north bank of Brindavan Gardens (K R S). The report was expected within three months. Plans were afoot to improve the illumination at Brindavan.

The KSTDC in collaboration with the State Finance Corporation had sponsored a comprehensive survey of tourist potential in the State and its report was ready, he said.

A rope-way at a cost of Rs. 7 lakhs would be provided to the Sravanabelgola hills. A tourist complex around Hassan covering Belur, Halebid and Sravanabelgola would be developed. A 20-room hotel had been taken up on lease at Hassan. A mini-bus would be provided there and also at Jog Falls. The tourist home at Bijapur was being expanded with 10 more rooms, he said.

Music Fete Concludes

Mysore, May 5

The working committee of Sitarama Mandiram has been arranging an annual music festival commencing with Sri Ramanavami. Generally there will be ten or twelve performances from famous musicians, vocalists and instrumentalists. The whole of Mysore is then agog with the thought of the sweet strains in the evenings. It is an opportunity to see and here the eminent Vidwans in the sacred mandiram dedicated by Sree BidaramKrishnappa's of reverred memory. This year the festival has just concluded.

The function commenced with VidwanNedanuri Krishna Murthy's recital. His style of rendering is captivating. It followed by Sri Ramani's flute, Santhanam's and Ramanathan's vocal music, and Natarajan's clarionet. All are great in their own way. Alathur Sreenivasa Iyer in his Thodi illustrated the methodic manner in which a raga has to be developed. The rendering of his neraval at every stage reminded us of his illustrious companion late Sri Shivasubramanya Iyer. Sri Ramarathnam did his best and sang well. Veena R.K. Suryanarayana reminded us of the glories of Mysore. Smt. SeethaSubramanyam has a lovely voice. She made her music devotional. Smt. D.K Pattammal, inspite of herage in her mellow voice sang soft music. The whole of them, the vocalists and instrumentalists who supported the musicians ably, deserve paise with no exception.

Music is a heaven descended maid whose charms are indescribable. Particularly it is an aid to lift one's reverential prayer to the Almighty who alone matters. The organisers have all to be thanked for the rich fare of Bhakthi they have provided.

TUG OF WAR

[From Our Correspondent]

Bangalore, May 9

The Tug of War between the Ministerialists and the dissidents inKarnataka politics which had slackened for some time seem to have activised with the latter reportedly making fresh bid to put the Chief Minister in a tight corner, with an ultimate aim of replacing him.

The dissidents had mobalised as many as 48 legislature to seek the convening of a meeting of the Karnataka Legislature Congress Party to discuss the opposition charges against Chief Minister Devaraj Urs. However, in the subsequent developments, it is claimed by the Ministerialists, a big chunk of ten signatories of the requisition have retracted, bringing the number of signatories below the minimum required, (41) which is one fifth of the total party strength. It was claimed that the number of those who desired to retrace their steps might swell upto 20. Meanwhile, the anti-chief Minister group alleged pressure tactics on behalf of the Chief Minister's group to get the signatures withdrawn to make the requisition void.

SORE

Sri Urs also seems to be sore over the reported statement of Union Home Minister Bramhananda Reddy that 99 charges made against him (Sri Urs) were being examined. Sri Urs is understood to have pointed out that only three specific charges had been made against him (Sri Urs) and all clarifications sought had been sent to the Union Ministry. Thus the fateof the requisition for a meeting of the Party looked hanging in balance Undoubtedly the political developments in the State have reached an interesting stage.

State MPs For Dislodging Urs Ministry

(From Our Correspondent)

Bangalore, May 10

The reports from New Delhi of the collective moves of a majority of the Karnataka MPs to dislodge theUrs Ministry have given added encouragement to the dissidents in the State capital in their bid to do what MPs have been aiming at. In the background of the reported retracing of the steps on the part of as many as 15 legislators, who had originally affixed their signature for requisitioning of the State Legislature CongressParty to discuss the opposition charges against the Urs Ministry, the New Delhi reports were greeted warmly in the dissidents' camp.

According to New Delhi's reports 18Congress MPs from Karnataka have made it known to the Prime Minister Indira Gandhi their opposition to the continuance of Sri Devaraj Urs as Chief Minister of the State. Besides their meeting sepatately in the recent weeks, they signed a joint letter to Smt. Gandhi pleading for an immediate change in the State leadership. Besides Sri K. Hanumanthiya, it is significant that the soft-spoken Sri Tulsi Dasappa, who had been revealing his mind on the "murky political affairs of the State" in the recent weeks among his close associates, has come out openly to ask for a change in the leadership. The other signatories include Sriyuths S.B. Patil, Shanker Dev, K. Lakkappa, P. R. Shenoy and K. K. Shetty According to these members the move against Sri Urs has the support of these Central Minister also.

IMAGE TARNISHED

In their letter the MPs have reportedly pointed out that the administration had been steadily deteriorating and the party's image had been badly tarnished. They have sought the intervention of the Prime Minister in the State affairs and bring about suitable changes soon.

Meanwhile Bangalore saw hectic political activities yesterday. Sri Urs told newsmen that he would take a decision before he leaves for New Delhi on May 13 on the partymen's requisition for a meeting of the Congress Legislature Party to discuss the Opposition charges against the Ministry. When a newsman asked the question as to why his partymen should champion the cause of the Opposition, Sri Urs replied it was a big question for him. During all the years in the party none had taken such an approach.

According to observers here the outcome of this sea-saw drama depended much on the approach of Smt. Gandhi. It is likely that while in Delhi Sri Urs would meet her and appraise of the developments in the State.

URS, PATIL TO BRIEF LEADERS

(From Our Correspondent)

Bangalore, May 12

The scene of the political developments in the State will be shifted to New Delhi during the week with the proposed visit of both Chief Minister Devaraj Urs and KPCC President H.K. Patil to the capital.

Sri Urs is leaving for Delhi tomorrow on a four-day visit Apart from discussing issues like recent development in regard to the Maharashtra-Karnataka border, he is likely to meet the top leaders including the Prime Minister and discuss the "factionalism" in the KPCC. Naturally the "differences" between him and the KPCC President would also figure during the dicussion.

The Chief Minister might seek clarification of the Centre on its approach to the Maharashtra-Karnataka border issue spelt out recently in the Lok Sabha by the Home Minister. Sri Urs might take the opportunity to raise the subject of "99 allegations" made against him. From this point of view, the discussions between Sri Urs and Sri Reddy are going to be significant.

Sri Patil is leaving for Delhi on Wednesday, a day after the Chief Minister leaves to address the anti-fascist convention arranged by the AICC. Naturally, he will also utilise the opportunity to meet the High Command leaders and brief them about the political situation in the State. The Chamarajapet defeat may also figure in the discussions.

With both Sri Urs and Sri Patil visiting the capital at the same time some interesting developments might follow. The answer for the future political developments in the State might be available here.

DENIALS AND CHARGES

(From Our Correspondent)

Bangalore, May 13

Chief Minister Devaraj Urs is leaving by the evening flight today on a five-day visit to New Delhi to discuss with Union Ministers regarding the political situation in the State and the water and border disputes. He will also take part in meetings to discuss the programme of new works in the Godavari basin. He will return to city on Sunday noon.

Finance Minister M.Y. Ghorpade and Transport Minister Mohamed Ali are also leaving for New Delhi tomorrow to join the Chief Minister in discussions with the Union Ministers.

As already reported in these columns, the political scene will be shifted now to the capital with also KPCC President K. H. Patil visiting Delhi tomorrow. With some of the MPs camping at Delhi, the political developments in Delhi would be interesting to watch, it is observed.

One of the MPs, Sri Shankaranand, who was here on Sunday had a meeting with Sri Urs. He is reported to have denied that the Congress MPs had held any meeting on Friday and also that he had signed a memorandum presented to the Prime Minister opposing the continuance of Sri Urs as Chief Minister.

Another MP, Sri K. Hanumanthaiya, is reported to have also denied any such representation In fact, it is pointed out, that on that day he was actually in Bangalore alone.

Meanwhile, Sri Urs is understood to have officially declined to convene the Legislature Party meeting as requisitioned by 48 party legislators. He has sent letters to 28 legislators rejecting the demand.

Amidst these political developments, a dissident spokesman accused the Ministerial group of pressurising the signatories by coercion, intimidations and, in some cases, temptation to withdraw the signatures Some of them were ready to give evidence if an inquiry was held by the High Command. They had apprised the High Command of the "highhanded" behaviour of the Ministerial group.

NO CHANGE LIKELY IN STATE

Seven Congress MPs from Karnataka yesterday met Prime Minister Indira Gandhi at New Delhi and apprised her of the political situation in the State.

The minority group of the MPs, said to be the supporters of Chief Minister Devaraj Urs, included Smt. Margaret Alva and Sri H S Narasiah. The other five MPs who were in the delegation were Messrs Jaffer Shariff, Maqsood Ali Khan, G. Y. Krishnan, B. Rachiah and Sidharam Reddy.

The Prime Minister is reported to have told them that she had received no letter signed jointly by 18 MPs. Differences in approach to various problems were bound to arise from time to time, but the party should resolve them through discussions and must work unitedly.

According to Sri Tulsidas Dasappa, the letter signed by the 18 MPs were not forwarded to Smt Gandhi, at the instance of a member of the High Command.

With the emphasis on unity and co-operation within the party, the Prime Minister might advice Chief Minister Devaraj Urs to carry all the Congressmen with him, the same advise she gave to UP Chief Minister Bahuguna.

The Congress High Command is understood to have favoured not to make any change in the leadership of any State Government till the elections to the Lok Sabha early next year.

Sri Urs, during his three-day stay, is expected to meet thePrimeMinister, the Congress President and other leaders.

Movement Needs All Sacrifices, JP

Mysore, May 17

Sarvodaya leader Jayaprakash Narayan said yesterday that the call for total revolution which he had given to the people was a serious call. It might even mean their shedding of blood and laying down their lives. It entailed many sacrifices on their part.

Addressing a mammoth public meeting, one of the biggest seen in the recent past at Town Hall maidan, Sri Narayan said that Gandhiji had given a similar call, but then for a different purpose—freedom. Now his call for a total revolution was for a total transformation of the society.

Sri Narayan in his about 70 minutes' speech explained the meaning of the total revolution. The main problems of poverty, unemployment, inflation, miseducation, inadequate representative system of democracy, corruption and the like continued even after 27 years of democracy. The poison from the Gangotri had flown into Ganga and through it the entire life of society had been polluted. If these evils were not at least checked, we might soon destroy ourselves, he warned.

Criticising Prime Minister Indira Gandhi, he said she refused to do anything to solve these problems. It was not that bad at least during Nehru's period. Economic, industrial and agricultural policies were such they had resulted in lot more problems than solving them. The whole development was wrongheaded.

People, particularly the students and youth, were disillusioned and had finally decided to take up their destiny into their own hands. A new awakening was catching up, he said.

Sri Narayan suggested the appointment by the Government or the Supreme Court, with the consultation of the Opposition, of an independent body to inquire into allegation of corruption and nepotism against the politicians and administrators. The findings of the committee should be published and criminal action should be taken against those found guilty.

Referring about the commencement of the movement in Karnataka, Sri Narayan said he was not giving any specific programme of action. But, he pointed out that the destiny of Bihar was linked up with the destiny of Karnataka and similarly the destiny of Karnataka was linked up with Bihar He would leave behind, before he left the State on May 18, a skeleton programme-a small committee or an individual-to chalk out a plan of action.

Sri Devanur Mahadeva, President, JP Reception Committee, welcomed and Presented to Sri Narayan a purse for Rs. 33,333.

Earlier, a large number of people gave a warm welcome to Sri Narayan at the Railway Station. The procession was cancelled due to continuous rains. Some C P I workers waved black flags at the Visveswaraya Circle, near the Ayurvedic Hospital.

No Basis For Rumours, CM

Bangalore, May 19

All types of rumours creating a suspicious political atmosphere in the State before his departure to Delhi had no "basis". It was a false and fictitious propaganda, Chief Minister Devaraj Urs told newsmen yesterday, after his return from the capital.

The Congress party in the State was bound to "pull together and work together for the cause for which it stands", he said. Sri Urs agreed it was true that there was sometimes "temparemental incompatibility" between him and KPCC President K.H. Patil. However, he said, he had asked the Central leaders to advise the dissidents properly.

Sri Urs said he was confident that the Centre would give financial assistance of Rs. 15 crores for the Kalinadi project. Chances of assistance for the project from Kuwait were bright.

Sri Urs said that he did not understand Sri Jayaprakash Narayan's "total revolution". A silent and steady revolution was even now going on in full swing in the State. He remarked Sri Narayan had proved beyond doubt that he was a politician.

A suggestion to the State Government to set up a separate directorate for Harijan education was made by Sri T. N. Narasimha Murthy, Deputy Chairman, Legislative Council today.

Addressing a press conference, he said although about Rs. 98 crores was being spent on education in the State not even one crore was being spent on education for Scheduled Castes. He urged that at least 18 per cent of the allocation should be set apart for their education. He wanted more hostel facilities at college level.

Sri Murthy also urged the Government to appoint a Harijan as the next Vice-Chancellor to the Mysore University. The term of the present Vice-Chancellor will end on Nov. 1 this year.

He welcomed the setting up of the Scheduled Castes Development Corporation. No politician or Minister should be ap-pointed as its chairman, if it had to function effectively, he said and demanded that only a retired Judge should be named as its chairman.

He criticised the delay in holding elections to the Mysore Municipality and demanded that either the elections should be ordered immediately or it should be upgraded into a corporation.

Sri Murthy praised the Municipal Commissioner for taking a number of developmental works in the city, particularly the Rs. 6-lakh slum clearance scheme in places where the Scheduled Castes lived. He suggested the remodelling of the Devaraja Market.

Reddy Warns On Quack Theories

Mysore, May 26

Union Labour Minister K. V. Raghunatha Reddy yesterday called upon all those who are committed to socialism to guard against "quack and misleading theories" that capitalism and socialism were converging.

Addressing the regional workshop on "Work Commitment and Work Ethics" at the Institute of Development Studies, he said such "grotesque theories" were being propagated by defenders of faith, pretending as intellectuals who constituted a respectable number in capitalist countries.

He strongly defended the public sector as visualised by Nehru and said it was not a new economic model but a new social order that was struggling to come into being through the public sector.

"By taking over the commanding hieghts of the economy, we put an end not only to the existing pattern of ownership but also to all the irrationality that this pattern entails", he said.

Sri Reddy said the public sector had to become a nucleus of change in the core economy ushering in a new social order. It should not merely act as a component of a static structure of mixed economy. It was our road to economic growth and freedom, he added.

As regards the dilution of public sector by issue of 49 per cent of shares to private sector, the Minister said that no such situation existed now. The public would not accept the theory of joint sector.

Earlier, Dr. Nataraj welcomed the gathering. Prof Nitish De, Dean, National Labour Institute proposed a vote of thanks. About 60 participants took part in the workshop.

Minister of Steel and Mines Chandrajit Yadav, who also addressed the workshop on Saturday, said the worker in the public undertaking stood on a different footing from his counterpart in the private undertaking He was as much the owner of the undertaking as an employee. There was a total identity of objectives and an atmosphere of cooperation between the management and the workers of public sector enterprises.

He called upon the workers in public sector to respond to any call for sacrifices in the larger interests of the country.

Earlier, Development Commissioner D.J. Balraj delivered the keynote address.

Atrocities On Harijans

Houses Burnt In T. Narasipur Tq.

Bangalore, May 27

Nine houses belonging to Harijans are reported to have been burnt and nine more badly damaged in atrocities on Harijans in Kaliyur village, 12 miles from T. Narasipur on May 22.

Social Welfare Minister N. Rachiah, who visited the village on Saturday, told newsmen yesterday that nine-month-old "differences" were responsible for these atrocities on Harijans.

The trouble had started when the dominant community had shown resentment when a newly-married Harijan couple wearing chappals, decent dress and holding an umbrella went in procession in the village, he said.

On last Thursday, it was said that the Harijans were attacked with crowbars, clubs andaxes. Their belongings including foodgrains were looted. Three persons were injured and were treated in Kollegal hospital.

But for the timely intervention of the Police Superintendent, the situation would have been much worse. The Harijan residents, numbering about 100, in the village were terror-stricken, Sri Rachiah said.

The Minister said he had distributed foodgrains to 98 families and also housing materials to them. A case had been registered by the police and 18 people had been arrested.

STEPS TO TONE UP ADMINISTRATION

Bangalore, May 28

The Cabinet, which yesterday discussed the two letters of Prime Minister Indira Gandhi to tone up the administration, discussed two points—the "tyranny of seniority" and confidential reports—at length.

Briefing the newsmen, the Chief Minister said while no new formula was evolved at the meeting, it viewed that while seniority could not be overlooked, the Government should take a "positive approach" to the question of promotions.

Another view it took was that the confidential reports should be based on performance than on routine matters as at present. For this, the Government would insist on internal assessment of the subordinates.

The Council of Ministers would be holding more meetings for a thorough discussion on all the points, he said.

Teachers' Retirement Association

Mysore, June 2

Sri M. Sathyanarayana Rao, MLC and President of the Federation of University and College Teachers' Associations in the state has strongly urged the Government to keep the recent Government orders retiring all employees of aided schools and colleges who had reached the age of 55 years as from June 1, 1975, till after the High Court gave its judgment on writ petitions which were pending before it.

In identical telegrams sent to theChief and Education Ministers and Commissioner for Education, Sri Rao pointed out that the triple benefit scheme was not designed to benefit even a microscopic fraction of the employees who joined aided college service decades ago. It was unfair to interfere with the administration of private schools and colleges by forcing them to change their employees' service conditions particularly in view of the fact that such a step was coercive and violated the guarantees given to minority community to run their educational institutions under article 30 of the constitution.

He has also appealed to the Government not to alienate the sympathies of the teaching communities by taking recourse to un-popular measures like the present one which affected thousands of families all over the State.

Universal Love Is Love Of God

Mysore, June 3

The real devotee who loves God realises that God lives in every being, and so he truly loves others also without any ill-will or hostility, declared Vidwan K. Venkatasubbiah recently while addressing a gathering at the Sarva Bhasha Saraswati Sangha here.

Every man has to engage himself in some work or other as he cannot be idle. The man who does his work without desiring the fruits thereof but considering it as his duty and as an offering to God will find that the results of his deeds do not attach themselves to him and he becomes a Karma Yogi, and attains salvation easily, he said.

Prof. M.V.Jambunathan, President of the Sangha, welcomed. Sri R. Krishnamurthy proposed a vote of thanks.

SANDALWOOD OIL EARNS MORE

The fragrance of India's sandalwood oil has become a significant source of foreign exchange earnings. The value of our sandalwood oil exports have been steadily rising over the years. From Rs. 2.78 crores in 1972-73, the annual export earning went up to Rs. 3.51 crores in 1973-74 and Rs. 5.49 crores during only the first eight months of 1974-75.

India covers about 90 per cent of world trade in sandalwood oil. Its production in the country is around 150 tonnes per year of which about 100 tonnes on an average are exported annually.

Exports of sandalwood oil comprises nearly two-thirds of the total exports of natural essential oils. The other export items in this category are lemongrass oil, palmarosa oil, cedarwood oil, clove oil, eucalyptus oil and ginger grass oil.

HIGHER UNIT VALUE

In terms of quantity, the export in sandalwood oil amounted to nearly 120 tonnes in 1972-73. 92.67 tonnes in 1973-74 and 55.6 tonnes during April-November 1974. The increased export value realisation during these years against reduced export quantum would indicate the rising unit value which improved from Rs. 232 per kg in 1972-73 to Rs. 378 per kg in 1973-74 and Rs. 988 per kg during the period under review in 1974-75.

The major markets for the Indian supplies of this oil in 1973-74 were USA France, Japan, U.S.S.R., U. K, Hungary, Netherlands and Switzerland. The major exporter of sandalwood oil from India is the Government Sandalwood Oil Factory, Mysore.

Export trade in lemongrass oil amounted to 367 tonnes at a value of Rs 2.07 crores during 1973-74. The export value of eucalyptus oil was of the order of Rs. 11 crores (39 tonnes) in the same year.

The City Improvement Trust Board has chalked out a new proposal to distribute about 2,500 sites in the next two months to those who were below poverty line, Board Chairman B. N. Kenge Gowda told newsmen yesterday.

Discipline Vital For Efficiency

Mysore, June 4

Discipline in Government offices today was not what it was in the past, Divisional Commissioner Samuel Appaji regretted this morning.

Inaugurating the District Training Institute to impart training to Ministerial staff, he said : "Today, I find considerable inroads into the field of discipline. It is this single factor which is responsible for the criticism that efficiency has gone down".

Instances like delay in settling Darkaast cases pending since 14 years and pension papers were "a blot on the administration". "We have to be not merely efficient and dedicated in our work, but become, above all, compassionate", he said.

Administrative Training Institute Director A. S. Melkote, who presided, said this was the fourth institute to be set up in the State. Three were already set up at Bangalore, Dharwar and Gulbarga. It was proposed to set up four more institutes during 1975-76 and cover all districts by the end of Fifth Plan.

Deputy Commissioner M. Arya Mitra, welcoming said the institute was proposed to be set up at Nanjangud, but due to lack of suitable building it had to be located at Mysore.

Institute Principal S.V. Katti, said 53 Government employees were attending the first course.

Adult Edn. Work By Teachers

V-C's SUGGESTION TO MAKE COMPULSORY

Mysore, June 9

Participating of university teachers in adult education and literacy programmes should be made compulsory in order to eradicate illiteracy, Vice-Chancellor Javare Gowda suggested this morning.

Inaugurating a workshop on "Continuing Education", oraganised by the Mysore University's Institute of Correspondence Course, he said that the university teachers had a social obligation in eradicating illiteracy. Unless people in the field of education came forward to help this programme, illiteracy could not be eradicated. There would be no future to the country without eradicating illiteracy.

Prof. Gowda said the State Adult Education Council had done good work in this sphere. But it should do more and not get contented with its achievement.

Universities should not restrict their activities to urban areas alone. They should reach the rural people also, he said.

Therefore, the University was thinking as to why it should not admit students who had passed only SSLC or PUC to certificate or diploma courses which would lead to a degree, Prof. Gowda said

Delivering the keynote address, Dr. Asher Deleon said education today was irrelevant to development strategies which by themselves were again irrelevant to the social, cultural and education needs of a country. This meant that a rethinking was essential in the development strategies.

What was urgently needed was a rethinking on education at all levels. We had to start a real fight against the old beliefs and dogmas about education which were preventing in doing good in the field of education. Universities were the place where such a fight should commence, he said

The belief that in education teaching was important was not correct. The real aim of education was learning Perhaps, today what was needed was how to learn.

Dr. Deleon said that new conceptions were growing in the field of education contributing for a new thinking in the field. This showed that there was concern about education all over the world.

Welcoming the gathering, Institute Director, P. Mallikarjunappa said the Institute proposed to start eight more short term courses without restriction on minimum qualification.

Vatal Demands Md. Ali's Resignation

Mysore, June 9

Speaking to newsmen on Saturday, he said the inept way of handling the Ministry and permitting clandestine operation of private carriages were responsible for the number of fatal accidents.

Criticising the stand taken by Chief Minister Devaraj Urs on the Karnataka-Maharashtra boundary dispute, he said that the Chaluvaligars would convene an all party leaders' meeting at Bangalore on June 14 to discuss the latest developments

Sub-Plan For SCs Welcomed

The Rs. 38-crore sub-plan for the welfare of Scheduled Castes and Tribes has been welcomed by Legislative Council Deputy Chairman T N. Narasimha Murthy. He has suggested that the portfolio concerning the welfare of the Scheduled Castes and Tribes should vest with the Chief Minister for effective implementation of the welfare schemes.

Not Interested In Leadership Change

KPCC Presidet K. H. Patil said at Hubli yesternay that he was not interested in any move to change the leadership in the State. He said he did not know the purpose of the visit of AICC General Secretary P. V. Narasimha Rao. Sri Rao is arriving at Bangalore today.

URS NAME OPPOSED

Mysore, June 9

The Kannada Chaluvaligars' Kendra Samithi has opposed the Trust Board proposal to name the straight road from K. R. Circle to Deputy Commissioner's office after Chief Minister Devaraj Urs and has suggested that it should be named after either Gandhiji, Jayachamaraja Wadiyar, M. Visvesvaraya or K. V. Puttappa.

MORE CIVIC TAXES ENVISAGED

Mysore, June 9

Vice-Chancellor D. Javare Gowda released the first scholarly study on the "People, Space and Economy of Mysore City" written by Dr. P. D. Mahadev of the Institute of Development Studies, University of Mysore, at a function on June 6. The study brings out some very important aspects of urban problems facing the city. It also suggests ways of overcoming them.

Mysore has been overshadowed by Bangalore. In spite of possessing almost all the amenities of Bangalore, apart from being less polluted, Mysore until now has been functioning as a growth centre for Bangalore. The major need is for good transportation linkages.

According to the study, Mysore will have to be prepared for higher municipal taxes. In particular the civic body should mop up the unearned increment in land values which accrues to landowners solely because of the infrastructure provided by the authorities. Also wherever real estate is acquired by the municipality only a nominal compensation should be paid since the owners would have enjoyed the benefit of unearned increases several times in the last few years.

Death Condoled

Mysore, June 9

Mysore Muslims Football Club yesterday condoled the death of veteran footballer Sri Syed Abdul Gafoor. Club Secretary M.A.S. Jeelani presided.

Obituary

Mysore, June 9

Sri Hafiz Syed Abdur Rasheed (75), Pesh Imam, Katchi Memmon Masjid, died on June 6.

This is the first major work on Mysore City, using sophisticated techniques. The book, which is a morphological study of the city, has made several concrete suggestions for the development of Mysore with maintaining environmental quality.

The Vice-Chancellor appreciated the keen interest taken by Chief Minister Devaraj Urs in the development of the city said that but for him Mysore would have been relegated to background.

He lamented at the growing ecological problems of the city and hoped that the site of the Vikrant tyre factory would be shifted to the eastern part of the city at a distance of at least five kilometers. The road to Brindavan Gardens should not be choked with polluting industries, he said. He pleaded for the east-ward growth of the city, so that the Chamundi Hill will one day form the centre of the city.

Municipal Administrator A S. Melkote presided.

Dissidents Demand Leadership Change

Bangalore, June 10

AICC General Secretary P.V. Narasimha Rao, who arrived here yesterday on a two-day visit, heard from both the dissidents and the ministerial group for over 330 minutes on the State's political situation.

Sri Rao refused to talk with the newsmen about the nature of discussions he was having. He said he would only make a report to the party leadership at the Centre. Sri Rao is scheduled to leave for Delhi this evening.

KPCC President K. H. Patil cut short his tour and returned to Bangalore. He met Rao in the evening. He is likely to meet him for detailed discussions today. Chief Minister Devaraj Urs, who is on tour in Bellary, is unlikely to return to Bangalore to meet Sri Rao.

Dissidents, who dominated the day, are reported to have complained bitterly about the functioning of the Government and demanded a change in the leadership.

The issues which came up for discussion were stated to be the Backward Classes convention, Havanur incident, and Hubli- Dharwar Corporation. Some dissidents are reported to have claimed that the Backward Classes Federation was trying to split the party and smear the image of Sri Patil.

READERS FORUM

Mahamathosri Lakshammanni Road

Sir,- I was pleased to read recently in the papers that the new 75' road to be made connecting K. R. Circle with District Offices is proposed to be named after our present Chief Minister D. Devaraj Urs.

Since 1965, I have been writing to the Mysore City Municipality voicing the feeling of the public that one of the important city roads be named after late Mahamathosri Lakshmmanniyavaru. I have received several replies from the Municipality all these 10 years stating that the suggestion is proper and that they would name one of the important roads after Her Highness of revered memory.

People in Mysore cherish in their memory the great services rendered by her late Highness to Mysore. Born in 1742, she struggled to the ripe old age of 68 and succeeded in winning back the Mysore State. Had it not been for her efforts, Mysore would not have had the chance of becoming the premier State in India.

She was a woman of great political and administrative ability, coupled with enormous fund of patience, which enabled her to realise her life-dream of Mysore regained.

In short, she stands **pari passu** with other Indian heroines like Jhansi Laxmibai, Chandbibi and others. Mysore is specially proud of her.

The public will be thankful to the present administrators of our city if they take action in this matter at least now.

About the controversy over the convention called by the Federation of Backward Classes by Sri Kemparaj Urs, Sri Rao said that certain points had been raised and he had received representations from both the sides. PM'S ELECTION HELD ILLEGAL

Showdown Averted Pending Solution

Crisis In Party Serious, Tulsi

Mysore June 12

The visit of AICC General Secretary P. V. Narasimha Rao had contributed to the immediate prevention of a show-down between Chief Minister Devaraj Urs and KPCC President K.H. Patil in a "positive manner", said Sri Tulsidas Dasappa, MP, this morning.

Addressing a press conference, Sri Tulsidas said that he considered the situation within the party in the State as "serious", but it was not above a solution. He said he was one with Sri Rao on his views that the situation was not as confusing as to be pessimistic.

SACRIFICE BY LEADERSHIP NEEDED

Sri Tulsidas, who met Sri Rao twice at Bangalore, once with the Mysore District Congress Committee office-bearers, Messrs. S. Puttaswamy, Kempaveere Gowda and Abdul Nazir, said that if his partymen kept in their mind the interest of the party and the people and were prepared for any sacrifice which may be demanded in finding a solution, any problem could be solved easily. Here, he pointed out that the showdown had been only postponed, while a solution was being worked out.

He said his talks with Sri Rao was not complete. He was proceeding to Delhi tomorrow. He would meet Sri Rao there again and the discussions might cover a wider range. Sri Tulsi disclosed that he had a phone call from AICC President Barooah whom he was going to meet at Delhi. He might meet the Prime Minister also to apprise her of the political situation in the State, if necessary.

Referring to the discussion he had with Sri Rao, Sri Tulsidas said they centred round the immediate crisis the party was facing in the State. Among the factors influencing the present crisis were the proposed meeting of the Federation headed by Sri Kemparaj Urs and the defiance of the corporators in Hubli-Dharwar Corporation.

Allahabad HC Upholds Raj Narain's Appeal

GANDHI TO CONTINUE AS PM

Sri Justice J.M L Sinha of the Allahabad High Court today held the election of Prime Minister Indira Gandhi to the Lok Sabha from the Rai Bareli constituency in Uttar Pradesh in 1971 as illegal on charges of corrupt practices. He disqualified her for six years.

Sri Sinha upheld the election petition of Socialist party leader Raj Narain filed against Smt. Gandhi and gave her 20 days' time for an appeal. Smt. Gandhi is appealing in the Supreme Court against the High Court verdict today. Sri Raj Narain has filed an objection on the 20 days' stay by the Court.

In his sensational judgment which came after a legal battle of four years in the court, Sri Sinha held that the Prime Minister had indulged in corrupt practices by utilising the services of U.P. officials and Sri Yashpal Kapoor, before his retirement, for her electioneering.

He, however, held valid the Peoples'Act amending the law governing the election expenses and said that the election expenses of Smt. Gandhi had not exceeded the limit. He observed that the use of IAF aircraft and the cow and calf symbol did not amount to corrupt practices.

Soon after the judgment which holds nation's top leader guilty of corrupt practices, Smt. Gandhi had discussions with her Cabinet colleagues and the Congress President. An emergency meeting of the Congress Parliamentary Board is convened this evening.

NO RESIGNATION

Smt. Gandhi will continue in her post, it is learnt. Her senior Cabinet colleauges and the Congress President have issued a joint statement expressing their full confidence in her leadership.

PM's Resignation Demanded

Mysore, June 13

Sri M. S. Gurupadaswamy, member, AICC (O) Working Committee, yesterday demanded the resignation of Prime Minister Indira Gandhi following the verdict of Allahabad High Court.

In a statement, he said the Allahabad High Court's judgment was historic. This was the first time that the highest functionary in the Government had been found guilty of corrupt practice in election. "The Watergate scandal falls into insignificance before this".

She might go to the Supreme Court in an appeal, but she could not preside over the affairs of the Government so long as the stigma of corruption was before the country, Sri Gurupadaswamy said.

He also criticised the AIR which, he said, was being misused for carrying out a propaganda in favour of Smt. Gandhi Any effort on the part of the ruling Congress members to create an impression that her leadership was indispensable to the country should be treated with contempt, he said.

Sri H. P. Mahadeva Setty of Jan Sangh, who has demanded that Smt. Gandhi should quit, has suggested the formation of a national Government at the Centre.

DCC SUPPORT

The City District Congress Committee has expressed its "full support" to the leadership of Smt. Gandhi. Committee President D. Jayadevaraje Urs, in a press note condemned the "vested interests working against her leadership".

Many other State leaders are also leaving for Delhi today.

Former President V. V. Giri and Supreme Court Judge K. S. Hegde have declined to comment on the judgment. Sri S. Nijalingappa has said : "Justice has been done. This judgment is an indication of how the judiciary is functioning in India and that it is not committed".

Not Upset By Judgment, PM

Prime Minister Indira Gandhi said today that she was not upset by the judgment of the Allahabad High Court.

Addressing a gathering outside her residence, she said that the Opposition during the last four years had made every possible effort to remove her from Prime Ministership.

Deterioration In Bank Services, Pai

Mysore, June 16

Sri K.K. Pai, Chairman and Managing Director, Syndicate Bank, admitted here on Saturday that service aspect in banks had deteriorated after their nationalisation and said the rapid increase in the number of their branches after nationalisation was chiefly responsible for this.

He was speaking at a function arranged by a committee of hosts to felicitate him on his being appointed as the Chairman of the Syndicate Bank for a second term. Sri F.K. Irani presided.

After the nationalisation, as many as 15,000 new branches had come up. During last year alone as many as 10,000 branches had been added. Due to this rapid expansion, enough attention could not be paid for intense training of the staff, and hence, there was a fall in efficiency, Sri Pai said.

He traced the growth of the Syndicate Bank and said during the silver jubilee year this year it proposed to increase its number of branches to 1,000.

Acharya Buddha Rakitha Thera of Mahabhodhi Society praised Sri Pai's qualities and abilities in running the bank.

Welcoming the gathering, Sri R. Vasudeva Murthy regretted that service aspect had greatly deteriorated in banks after nationalisation. Sri Padmanabha proposed a vote of thanks.

URS ASSURES SUPPORT TO RAM ?

[From Our Correspondent]

Bangalore, May 18

Much significance has been attached in the political circles here to the silence of the State Cabinet meeting yesterday on the issue of expressing support to Prime Minister Indira Gandhi.

The Cabinet, which met prior to the Congress Legislature Party meeting, did not adopt any resolution backing the leadership of Smt. Gandhi, contrary to expectations. Similarly, it is viewed with interest that the resolution at the Legislature Party meeting was moved by Deputy Leader H. Siddaveerappa.

A Kannada Daily has put out a report here today that Sri Urs had met Sri Jagjivan Ram at Delhi and expressed his support to him in case there was an election for leadership. According to it, Sri Urs is said to have pleaded with him to take a liberal attitude towards the allegations against him.

Meanwhile, KPCC President K. H. Patil is reported to have taken a serious view of a meeting convened at Kumara Krupa, the official residence of the Chief Minister by Minister B. Subbiah Setty, on behalf of Sri D. Kemparaj Urs.

The meeting, which was also attended by ADMK and Communist party representatives, decided to organise a mass rally in Bangalore on June 24 to reaffirm faith in the leadership of Smt. Gandhi. The action commitee is headed by Sri Urs.

Sri Patil is said to have issued a show-cause notice to Sri Subbiah Setty for convening the meeting without consulting the PCC. Sri Patil is unhappy that a rally is being organised ignoring the party totally. Sri Patil, who left for Delhi yesterday, told newsmen he would take up the issue with the Prime Minister and the Congress President.

Bus Fare To Chamundi Hills

Sir,-The bus fare to Chamundi Hills has been upgraded a number of times; it is now Rs. 1.10, to and fro. Many passengers have expressed their regret at this increase. The State Road Transport conveyance is mostly made use of by the poor. Even 10 paise will be a burden for them. I suggest that the rate may be fixed at least Re. 1 to and fro.

Efforts To Belittle Patil Criticised

Mysore, June 25

KPCC President K. H. Patil said here yesterday that as President of the party he had to speak about the party's programmes and policies and about their implementation. But this was being misunderstood by some people.

Addressing a public meeting at Asokapuram, he said that when he spoke of the Congress party, it did not mean that he was speaking for himself. "Just because I happen to be the KPCC President, it does not mean that the Congress belongs to me or to Sri D.K. Barooah, because he happens to be the AICC President".

He said that when he spoke about the Congress party, it meant that he spoke for the partymen and even outsiders, particularly the weaker sections, for whom the party had given assurances. Therefore, the doors of the party was always open and it was not shut for himself.

Sri Patil said at such a situation like the present the party had a greater task. It had to be revitalised. It was not enough if he alone took up the whip to urge for the implementation of the party's programmes and policies. Everyone in the party at all levels should take up the whip in their hands to see that the Government implemented the party's programmes.

The KPCC President expressed happiness over the Supreme Court's stay making it clear that Smt. Gandhi could continue as the Prime Minister. Her leadership was indispensable to the country, he said.

Sri B. Basavalingappa, AICC Special Representative for Scheduled Castes, deprecated the tendency in certain quarters to belittle KPCC President Patil.

He said Sri Patil, who had activised the party after taking over as the President, was after all demanding that the Government should follow the party's programmes. Otherwise they would lose the confidence of the people. But this was being misinterpreted.

Sri Basavalingappa said it should be remembered that the party was a parent organisation and the Ministry was an offshoot of it. It was the duty of the mother to guide and correct the child whenever the child faltered. But forgetting this, some were behaving that they were greater than the organisation. This was not correct, he said.

Sri Tulsidas Dasappa, MP, who presided and Sri Basavalingappa spoke about the indispensability of the leadership of Smt. Gandhi.

Dr. Siddaraju welcomed the gathering. Sri M. Shivanna introduced the chief guests.

Hired Men For B'lore Rally ?

Mysore, June 25

About six bus loads of "hired" Congress workers were taken from Mysore to Bangalore by private buses yesterday to participate in the mass rally. The Congress leaders wanted to take about 10 bus loads, but were successful in getting only six bus loads, it is said. Apart from food, participants who were taken from Mysore were paid Rs. 10 each, it is learnt. But the participants who went with all enthusiasm were ignored after the rally and many of them had to return to the city late in the night and even early morning today by making their own transport arrangements. At Banglore many of the KSRTC buses had been availed for the rally. Regular passengers had a tough time in reaching Mysore in time.

NATIONAL EMERGENCY PROCLAIMED

A state of emergency has been proclaimed throughout the country by the President this morning.

Prime Minister Indira Gandhi, in a message to the nation, announced the proclamation of emergency in view of "threat to internal security".

The President has i su- the proclamation under Article 352 of the Constitution.

In her five minutes' broadcast, Smt. Gandhi said forces of disruption were trying to destroy democracy in the country. She said a "deep and widespread conspiracy" had been hatched against her Government and impediments were being put in implementing the progressive measures.

Here she referred to the murder of her Cabinet colleague Sri L.N. Mishra and the "deplorable" attack on the Chief Justice and said violent agitations were being surcharged. Without referring to Sri Jayaprakash Narayan, she said there were incitement of armed forces to mutiny and police to rebel. Elected Governments had not been allowed to function. "The action of a few are endangering the life of the people".

Smt. Gandhi charged that forces of disintegration were in full swing and communal passions were being aroused threatening the nation's security. Such a situation could not be ignored. How can any Government worth its name could be a mute witness to these threats to nation's integrity and security. Nation's integrity demanded a firm action.

Striking a personal note, she said all through her life she had been serving the people. Whether she continued as Prime Minister or not was not important. But the institution of the Prime Minister was important. But deliberate attempts were being made against her.

NEW ECONOMIC MEASURES

The Prime Minister referred to the economic policies persued and said because of these policies, the prices had come down during the last few months She said the Government would announce soon further measures to improve the economy.

Smt. Gandhi assured that the emergency laws would not affect the law-abiding people. She expressed the hope that internal conditions would soon improve to dispense with the emergency. She said she was overwhelmed by the goodwill messages she had received from all sections.

In a pre-dawn swoop all over the country, top Opposition leaders were taken into preventive custody.

Three leaders are reported to have been arrested under MISA at Bangalore today.

Restrictions have been imposed on the Press in the country, following the national emergency, it is understood.

OUR TOWN

Recently I returned to Mysore after a lapse of decades. Since I left our town as a high school boy I had seen a bit of the world. It was summer. What a heavenly change from sizzling Delhi ! And for the first time I was struck by the beauty of Mysore—which had escaped me all my young years here earlier. The truth came home to me : to appreciate home, you must be away from home.

What a clean air ! What a happy pace of life ! What greenery, what colourful avenues ! The very ups and downs that ring the city bowl create green valleys and commanding view-points. Anywhere you turn, rain-washed black top roads lined with blazing gulmohurs and soothing acacias present exciting landscapes with the majestic Chamundi for the backdrop, making Mysore a painter's paradise.

Yet I missed quite a few old glories of Mysore. The magnificent sheet of water, the Doddakere, mirroring the guardian hill and the sailing clouds above, was gone, robbing the town of its finest beauty spot, leaving the Madhuvana orchard beside it orphaned, making the cool summer of the town warmer than it need be. The other two lovely lakes were being slowly choked out of life by rampant weeds

Sadder still was the common sight of vandals mutilating the pride of Mysore—chopping off of avenues of gulmohurs bursting with flower ! Are there not tree-lovers in our town ? No Horticultural Society, no jealous Corporation, no guardians of public property to stop the ravage ?

OUR TOWN-2

The lament last time in this column on the philistine denudation of flowering avenue trees in our town and the loss of some of the glorious beauty spots of Mysore through draining away the largest lake, the Doddakere, and choking off with water weeds the lesser but no less lovely lakes, the Karanji and the Kukkanahalli, raises several questions and evokes varied responses.

Lovers of our town feel sad but helpless. Official authority, the Municipality the Electricity Board, the PWD and others, too, sad or not, perhaps feel helpless for their own reasons. But no one disagrees that the priceless legacy of the people must be preserved and passed on to posterity as our forefathers did for us.

Authorities responsible for emptying the lakes have been cruel to be kind. Drying up the reservoirs, and hence their beauty, was their contribution to the good intent of ridding our town of the mosquito menace. But, are we now free from it? Or is it even less severe than when the lakes were full? The honest answer to them proves that we have only succeeded in ridding our town of its prized attractions. And if we love our town it is not still too late. The lakes can be filled and, with it, excellent panoramas can be brought to life again, for which all would be grateful now and always.

The lakes need not become "Mosquito Reservoirs" of our town. Calculated raising and lowering of the water level prevents breeding of larvae. If and where they do, select species of fish bred in the lake will swallow up before they grow up to winged mischief.

The new menace now to the lakes themselves, the water hyacinth with its deceptively enticing blooms, can be abolished by the double-benefit Manatee, the tropical amphibian, which eats up the weed, and which in turn can be eaten up with relish by flesh-lovers.

The Electricity Board has a grouse against road-side trees-theyst and in the way of marching electric line. Age-old fixtures of flower and shade cannot be shifted lightly. It is so much easier to shift the bare electric poles—until the cables go underground as in other countries.

And tree-lovers of our town need not feel helpless either. Bangalore has formed an active Society of Tree-lovers. Why not Mysore? Authorities would be only too happy to join hands with them to save the beauty and benefits of our town.

K.T. Ramaswamiengar

Vol. XXV MYSORE FRIDAY JULY 11 1975 No 267

SPREAD NEW DEAL MESSAGE, PATIL

Mysore, July 11

KPCC President K. H. Patil called upon Sevadal leaders to take up the task of getting the new economic measures implemented by the Government.

Delivering the valedictory address of the 15-day all-India Congress Sevadal training camp at Aloka on Wednesday, he regretted that Sevadal had not received due recognition by the party.

He asked the Sevadal volunteers to work with the motto "to serve you" and act with a missionary zeal. He suggested to them to spread the 20 point programme of the Prime Minister throughout the country.

Sri Tulsidas Dasappa, MP, who presided, said Acharya Vinoba Bhave had rightly called the period of emergency as "Anushasana Parva". A small percentage of the community which enjoyed all advantages were exploiting others. The down-troddenwere not enjoing freedom in the real sense.

When steps were taken to help the down-trodden, it was this small percentage which indulged in the "tall talk" of fundamental rights. Therefore, steps had to be taken to protect the down-trodden, he said.

Supporting the measures taken by the Prime Minister. Sri Tulsidas said they were within the framework of Constitution

Messrs Uma Shankar Tiwari, All India Congress Sevadal Organiser, Camp Commandant M. N. Sathyanarayana, Lakke Gowda, Bharati Chatarwedi, Jagadish Prasad Tiwari, Smts. Jalajakshi Joyappa and Lalitha Chowgala, spoke. DCC President D. Jayadevaraje Urs welcomed and Sri B. C. Lingiah proposed a vote of thanks.

Job Opportunity For Engineers

Mysore, July 14

It was a paradox that in a vast country like India pledged to rapid industrialisation it had not been possible to provide enough jobs to the trained persons emerging from colleges and polytechnics, Vice-President B D. Jatti said yesterday.

Laying the foundation-stone for the Rs. 12-lakh administrative block of the Jayachamarajendra College of Engineering, he said that this situation could be remedied by continued and co-ordinated efforts on the part of the Government, industry and the educational institutions.

Sri Jatti called upon engineering graduates to make use of the financial help extended by nationalised banks and stand on their own legs by starting their own enterprises.

He said there was vast scope for technically trained persons in many of the African countries, which were becoming independent. Recently, a team of doctors had been accommodated in Iran. By taking up jobs in these countries, they could also serve as our ambassadors, Sri Jatti said.

Health Minister H. Siddaveerappa, who presided, praised the Suttur Swamiji for his services in the field of education. The Swamiji stressed the need for preserving Dharma.

Principal M. H. Dhananjaya welcomed the gathering. Sri Parashiva Murthy proposed a vote of thanks.

OLDEST ROCKS AT SARGUR

Mysore, July 14

The Department of Geology of the Mysore University, headed by Prof. M.N. Viswanathiah, has discovered rocks dating back to 3,400 million years in the 30 mile long Sargur belt in H.D. Kote. It has also traced out micro-fossils or evidences of life in both Darwar and Sargur rocks.

The geologists so far were of the opinion that the Dharwar group of rocks, put at 1,500 to 2,500 million years, were the oldest in Southern peninsula.

According to Dr. Viswanathiah, the microstructures of the Sargur rocks appear to be identical with those of South Africa which are considered to be the oldest known microfossils on earth.

A team of geologists yesterday visited the Sargur area and inspected the rocks.

Change Urged In Medical Edn.

Medical Varsity Not Shelved, HS

Mysore, July 21

The State Government's decision to set up a separate university for medical sciences has not been shelved, Health Minister H. Siddaveerappa declared here yesterday.

Presiding over the inauguration of the State branch of Indian Academy of Paediatrics, he said for the development of medical sciences the setting up of this university was necessary.

While the State Legislature and the Health Department had wholeheartedly welcomed the proposal, it was only the University Grants Commission which was opposing the idea. Health subject came under the State subjects. The proposal would be gone through as early as possible.

He pointed out that there was similar opposition when the State Government decided to set up the Agricultural University. But this university had been responsible today for the green revolution.

The Minister said he was confident that he would convince the people at Delhi about the need for setting up the university.

Sri Siddaveerappa said the Government was considering starting of an institute of paediatrics. He asked the Health Department to work out the details.

He also disclosed that a cancer patient in Bangalore had come forward to donate Rs. two lakhs for starting a health museum in the State.

It was proposed to set up Neonatology units in all the Government Medical Colleges during Fifth Plan, he said.

The Minister appealed to the doctors to give proper attention to the poor who come to hospitals. If they failed to do so, they would be doing it at their own peril, he warned.

OUR TOWN-3

There is good news for garden enthusiasts in our town as for all Karnataka. The State has drawn up an ambitious Rs. 50 crore plan for developing fruit orchards and vegetable gardens all over the State. Aided by the World Bank, tens of thousands of acres will blossom into much needed fruit and vegetable supply sources.

The importance of fruits and vegetables in the daily diet is yet to be realised by the common man, particularly in rural areas and among the less educated. A large mass of our people at the lower income levels consider vegitables and fruits a luxury, more for taste or as a status symbol rather than as a vital part of the food for maintaining health.

As with the intake of milk, milk products, fish and meat—why, even of food calories—India is among the lowest in the world in the average consumption of fruits and vegetables. Malnutrition, stunted growth, lower intelligence and many maladies can be traced to lack or insufficiency of fruits and vegetables in the daily menu. They are the essential, sure and cheapest sources of most of the vitamins — A for the eye, B for the nerves, D for the teeth and bones, C to fight infections, and so on. People, specially growing children, who do not get enough of the vitamins suffer from frequent and various illnesses or retarded growth, and are easy victims to infections.

In this connection how we wish the Horticultural Corporation contemplated by the Government would put down as its first duty the saving of the rich lovely cocoanut, mango, sapota, seethapal, etc. orchards that now dot our towns and cities in Karnataka! In Mysore alone there are several pleasant green islands with hundreads of coconut and fruit trees which need to be preserved for the town people at any cost. The magnificent Madhuvana and its many sisters in and around our town have been lovingly nursed through decades to their present maturity and yielding levels. Many of these are threatened by the creeping monster of Housing. When the new scheme plans to raise a few lakhs of cocoanut and many more lakhs of fruit trees, is it wise to throw away the thousands that are already yielding ?

Housing projects can and should tastefully incorporate living orchards into the towns as beautiful parks and recreation centres The sight of sheep grazing in Hyde Park in the heart of noisy London is a delight to any one and more so to a Londoner

Steps To Reform Examinations

Mysore, July 26

It agreed that this should be tried out first in the unitary universities, well-established post-graduate departments and autonomous colleges before it is extended to affiliating universities and undergraduate level.

The seminar observed that some mechanism of revaluation or reassessment of answer scripts must be evolved to restore confidence in the student community and to make the whole system of examination free from malpractices both by students and teachers.

VALI, JAVEED PROBE:

Police Indicted

Bangalore, July 31

The one-man commission which was constituted by the Government to inquire into the death of Javeed Ahmed and Vali in Mysore City last year, has found that their death was the result of injuries caused while in custody.

In a 94-page report, Sri P.R Lingoji Rao, District and Sessions Judge, who constituted the commission, has passed severe strictures against the police including the then ASP RajendraPrasad, who held an enquiry in a "casual manner" and A Division Circle Inspector K. C. Somiah," who had persuaded Dr. Thangaraj (who conducted the postmortem) and won over him to issue the postmortem report as per Exhibit G. 37".

The commission has also indicted Inspector Sadananda for "acting in a high-handed manner" and S-I Lakshmikantharaja Urs who "appears to have acted at the behest of Inspector Sadananda" and Dr. Thangaraj. It has suggested suitable action against Dr. Thangaraj.

The Government has accepted the report and directed the IGP to take department action against the police officers involved. It also directed the Health Department to take note of the observations in espect of Dr. Thangaraj.

Thefts In Trains On Increase

[From Our Correspondent]

Bangalore, July 31

Murders are very rare in the railway police jurisdiction in Karnataka, Sri C. V. S. Rao, Inspector-General of Police, told newsmen here on Tuesday.

Reviewing the crime in Railways, he said only one murder had been reported during the year in Ghataprabha Railway Station. Similarly No running train dacoities had been reported in the State.

The biggest problem confronting the Railway Police was the detection of running train thefts, which occur every year. There was a gradual increase in such offences during 1974 and 1975. Only 10 per cent of the property lost could be recovered.

Theft in railway platforms were also on the increase, he said.

Smuggling of foodgrains from Karnataka State to neighbouring States was a problem which the Railway Police also had to tackle. Large scale smuggling had been brought down. However, passengers were still in the habit of taking small packets with them and disowning them when the Police searched the carriages.

In 1975, 66 cases were put up and 342 quintals of foodgrains valued at Rs.82,845 were seized.

Railway Police also deal with persons travelling on footboards in women's compartments and unauthorised crossings of railway track.

As many as 2,808 kms of railway runs in Karnataka State, of which 1,574 is in Southern Railway and 1,234 kms in South-Central Railway.

Plea For Direct Dialling, Air Link

He pointed out that even small cities like Shimoga and Hubli-Dharwar had been provided with Subscriber Trunk Dialling facilities. He said the mandakalli airstrip could be improved with acquisition of 36 acres

READERS' FORUM

New Municipal Advisory Committee

Sir,-The citizens of Mysore have noted with satisfaction the recent appointment of Mysore City Municipal Advisory Committee by the Government.

A great opportunity for serving the public is now given to the 26 members of the Committee. The citizens hope that these members will come into close contact with them by frequent visit to different Mohallas for acquainting themselves with their problems.

The city newspapers are a forum for articulation of the prssing problems. It is hoped that members of the Committee will follow the suggestions and requests made by citizens through them;

In particular, it may be suggested:

1) On August 15, this years's Independence Day is to be celebrated in front of the Palace. On that day, the Committee may advise the Municipal Administration to illuminate the Palace and temples as was being done during Dasara.

2) On this auspicious Day, an important Municipal landmark (important road, big park etc) be named after the revered Her Highness, the late Mahamthosri Laxammanniayavaru.

3) All the successive Maharajas have contributed to improve Mysore City; the city has earned the name "Garden City of India." We hope the new Committee will further proceed in the same direction and make the city more comfortable to its citizens and attractive to visitors.

DC Warns Merchants, Hoteliers

Offenders Will Be Put Down

Mysore, Aug. 6

Deputy Commissioner M.Arya Mitra today sternly warned merchants, hoteliers, kerosene dealers and bogus cardholders against committing economic offences by violating the rules.

Speaking to newsmen at the Journalists' Association, he said he had already held three meetings with foodgrain dealers and had asked them to follow the food control orders strictly and co operate with the authorities.

"If they increase prices, I do not hesitate to take the maximum action provided under the MISA", he warned. He said the Government was watching the hoarders and black-marketeers

Referring to complaints regarding the sale of kerosene, the Deputy Commissioner said 20 persons had already been prosecuted. He warned the kerosene dealers and the dealers in essential commodities that if they over charged or violated rules strict action would be taken against them also, if necessary even under MISA.

As regards the elimination of bogus ration cards, Sri Arya Mitra said about 3.75 lakh units had so far been eliminated. Nine inspectors were conducting intensive inspection in the city. In December alone, 4,000 to 5,000 units had been brought down. Some fair price shops were also involved in them.

BOGUS RATION CARDS

He asked all bogus card holders to surrender their bogus cards before August-end: If any fair price depot was found in possession of bogus cards even after Sept 1 their licence would be cancelled and action would be taken against them under Essential Commodities Act. Similarly, severe action would be taken against bogus cardholders, he said.

The Deputy Commissioner said he had spoken to the Hotel Owners' Association and had appealed to them to reduce prices. He hoped they would not reduce the quality and quantity of eatables

He said seasonal conditions were good in the whole district and there was sufficient rain fall. Prospects of crop were "very good" except in five hoblies.

Election To 4 Top Posts Off Court Purview

Pending Cases Null & Void

The Lok Sabha yesterday passed a Constitution Amendment Bill moved by Law Minister H. R. Gokhale keeping the election of Prime Minister, President, Vice-President and Speaker beyond the purview of the courts.

Instead, the Bill provides for the creation of a new forum under Parliamentary law. The Bill was passed by 336 votes to nil.

The Bill declares null and void all "pending proceedings under the existing law" relating to these four dignitaries. It also prohibits challenging the setting up of the new forum or its decision in a court of law.

The amendment also includes certain State and Central laws under the Ninth Schedule of the Constitution. The effect of the inclusion would be that the validity of these laws cannot be questioned in any court.

They include Representation of the People Act, Election Laws Act, Maintenance of Internal Security Act, Conservation of Foregin Exchange and Prevention of Smuggling Activities Act, Monopolies and Restrictive Trade Practices Act and 34 other Acts including Land Reforms Act of certain States.

The House was adjourned sine die. The emergency session had begun on July 21 and the House passed 25 Bills.

TWENTY IN NINETEEN

The Government of Karnataka have vigorously set in motion the Twenty Point Economic Programme announced by the Prime Minister in all the Ninteen Districts of the State

- Effective steps are being taken to implement the epoch-making Land Reforms Act expeditiously. The measure will confer ownership rights on nearly 5 lakh tenants over 10 lakh hectares.
- Three lakh and thirty seven thousand house sites have already been distributed to the houseless and siteless agricultural labourers. 35000 houses are under construction under the People Housing Programme.
- Steps are afoot to increase the area under irrigation from the present 14.3% to 20.5% of the net sown area by the end of the V Plan.
- Rs. 41 crores have been earmarked during the current year for the power sector, of which Rs. 24 crores are for the gigantic Kalinadi project.
- The Essential Commodities Act is being enforced strictly. A review of the distribution system of the wholesale and retail co-operatives is being carried to strengthen the distribution network. Prices are falling.
- A Handloom Development Corporation is proposed to be set up for developing the Handloom Industry on modern lines.
- Alienation of vacant lands in Bangalore and ten other cities in the State has been prohibited in order to prevent speculative sales and to prepare the ground for legislation on socialisation of urban land.
- The State will be implementing the new package of incentives and concessions to encourage establishment of new industries in areas other than Bangalore.
- Arrangements have been made for supply of full requirements of grain, sugar and kerosene at controlled prices to all students' hostels in the State and for supply of Text-books and notebooks at reasonable rates to students.
- Government have initiated a specially designed Job orientated training Programme for about 1000 locally recruited persons during this year in selected growth centres in the State.
- As Shri Devaraj Urs, Chief Minister has put it,...."to those poor people who constitute the majority of our population, it (emergency) is the dawn of a new freedom, opening up vast opportunities for their betterment".

Inaugurating the Medical College golden jubilee commemoration committee, he said "you cannot accumulate and keep your money now, because you do not know what will happen to it the very next day. Instead of storing it as silver coins were done in the past, the best thing is to utilise it for the sake of the have-nots".

Sri Siddaveerappa said there was increasing awareness among the people and hence increasing deamand for medical facilities also. Although about Rs. 40 crores were provided in the budget for medical facilities, the Government alone could not meet the increasing demand.

It was decided to set up at least one primary health centre for a population of 15,000. But so far not even half of the target had been achieved It was heartening to see that people in rural areas were coming forward to set up hospitals and provide medical facilities. Similarly people in cities also should come forward.

No Danger Of Mutiny, PM

Prime. Minister Indira Gandhi has said the Supreme Court has the authority to decide on the legality of the recent Constitution amendment which placed beyond challenge in courts the elections of the Prime Minister to Parliament.

In an interview to the National Broadcasting Company of the US, she said the Supreme Court had the right to decide it. But, so far as all executive action was concerned, Parliament was supreme. There was no conflict between the judiciary and Parliament. "They are supposed to be equal".

She denied that she was moving towards one-party rule. She gave the assurance that she did not want the emergency to continue indefinitely.

Smt. Gandhi said while she did not think there was any real danger of mutiny by the armed forces, incitements to them had caused confusion. She said life was gradually returning to normal, but she could not set a date when the emergency would be lifted.

No Danger Of Mutiny, PM

Prime. Minister Indira Gandhi has said the Supreme Court has the authority to decide on the legality of the recent Constitution amendment which placed beyond challenge in courts the elections of the Prime Minister to Parliament.

In an interview to the National Broadcasting Company of the US, she said the Supreme Court had the right to decide it. But, so far as all executive action was concerned, Parliament was supreme. There was no conflict between the judiciary and Parliament. "They are supposed to be equal".

She denied that she was moving towards one-party rule. She gave the assurance that she did not want the emergency to continue indefinitely.

Smt. Gandhi said while she did not think there was any real danger of mutiny by the armed forces, incitements to them had caused confusion. She said life was gradually returning to normal, but she could not set a date when the emergency would be lifted.

Cheap Medical Treatment Urged

Mysore, Aug 25

Governor Mohanlal Sukhadia underlined here today the vital need for introducing and improving methods of medical treatment so as to make them inexpensive and popular.

Delivering the valedictory address of the month-long asthama patients free treatment camp conducted by the Mysore Homeopathic Association at the Kamakshi Hospital, he said our's was a poor country and we could not afford expensive medical treatment. The costly drugs and elaborate methods of treatment which modern medicine prescribed were within the capacity of only a few well-to-do people. The overwhelming majority could not benefit appreciably from the latest advances in medicine.

He said ayurveda and unani were two such inexpensive systems of medicine. Homeopathy could also take its place as an inexpensive method if it was popularised. The main purpose of medication was to restore body to its normal functioning and, therefore, there was nothing sacred about any system, Sri Sukhadia said.

OUR TOWN-4

The rains have been liberal this season Every vacant land has turned green, and the trees greener.. Road-side berms have ceased to be dusty and have covered themselves with a coat of lawn.

But what about the roads themselves? As you approach our town, rain-washed black ribbons merrily snake their way up and down to race into the city bowl. But there you have to apply the brakes. No, it is not the dutiful city cop that suddenly checks your speed. Nor dense traffic. (Luckily, Mysore hasn't got so dense yet.) It is the pools and puddles of tea-brown rain-wash dotting all along the streets. And the nearer you reach the busy city centre, the more pools than road.

Pity the poor people on foot. A happy young couple dressed in their best were out on their way to a wedding reception. It was on Dhanvantary Road, a crowded shopping thoroughfare like many others around the place. The smiling couple, it was sad to see, had suddenly ceased to smile. An arrogant Auto had shot out of a side-lane on to the main road, bumping over a corner pool and splashing the young people mercilessly to a sorry plight. The poor young girl's golden yellow silk magically (tragically ?) turned to hateful modern painting! The Autowala sped away callously.

A like incident in a civilised town where rights of citizens are recognised and respected comes to mind In the city of Edinburgh in Scotland a lady was walking along princess street on the pavement to work. Her skirt got caught and torn by a barbed wire fencing around a construction site. A constable who saw this incident approached her with his diary and pencil and politely asked for her address. The lady, standing on her rights, demanded to know why. The policeman explained that the building contractor had no right to string a damaging barbed wire on a public street. He would report the damage to the City Corporation, volunteered the cop, and get the contractor to make up the loss sustained by the lady for no fault of hers.

For another accident to a car owner caused by an uncovered manhole, the Citizens' Bureau sued the Corporation and got the innocent sufferer appropriate compensation.

Panel Opposes Octroi Abolition

(From Our Correspondent)

Bangalore, Aug. 27

The Municipal Finance Enquiry Committee has not favoured either total or partial abolition of octroi inspite of its drawbacks since it was a major source of revenue to the municipalities.

Releasing the report, Committee Chairman M. Mallikarjuna Kharge told newsmen that the committee had felt the time was not opportune for its abolition since it would result in payment of huge compensation of Rs. 17 crores.

However, it has recommended exemption of octroi on building materials, plant and machinery in respect of new small scale industries and silk cocoons.

The committee has found out that out of 225 municipalities and two city corporations in the State the financial position of 139 municipalities was quite unsatisfactory. In order to improve the financial position it has made several recommendations.

Some of its important recommendations are; tax on floating population coming to cities, enhancement of taxes on advertisements, shops, carriages and animals, levy of property tax between 15 to 30 per cent, tax on railway properties and Central and State Government buildings, abolition of profession tax and bicycle tax, increase in share of motor vehicle tax and entertainment tax, more powers to officers and a separate directorate for municipalities.

Improve Drought Prone Areas

(From Our Correspondent)

Bangalore, Sept. 10

Sri Shaw Nawaz Khan, Union Minister of State for Agriculture, called upon heads of department of drought prone area programme here today to correct regional imbalances and provide chances for employment to the rural poor to achieve the basic minimum level of income.

Attempts to alleviate misery of the rural poor during bad years through famine relief works had not led to systematic development. It had also resulted some timesinfractuous and wastefulexpenditure creating inflationary pressure and problems of drought remained as acute as ever, the Minister observed.

The drought prone area had definite impact on the nation's food economy and fluctuations in the overall food productions were to a fairly large extent determined by seasonal conditions, Sri Shah Nawaz Khan said.

He paid tributes to the State's work in drought prone areas particularly in Kolar district. He hailed the 20 point programme and asked the people to work hard with devotion.

Treat All Languages Alike

Mysore, Sept. 11

All languages should be treated equal and there should be no step motherly attitude towards any of them, said Dr. A.K. Dhan, member, Union Public Service Commission, this morning.

Inaugurating a three-day seminar on "Language Teaching Methods and Materials" at the Southern Regional Language Centre of Central Institute of Indian Languages, he said all languages in the country should be treated as languages belonging to the nation. They should not be considered as above or below.

He regretted that the language problem was more often considered on "parochial attitude" and not with a national objective. The problem had not been looked as a scientist looks at it. Discussion was done in such a manner as to divide it further.

The study of languages. Sri Dhan said should be diverted from emotion. In India languages had to stay and they were interconnected also. A language was not merely a juxtaposition of words. It was something much deeper. "It is a part of us and our nation", he said.

Institute Director D P. Pattanayak, who presided, said language planning in education must receive priority attention. Language learning today. Instead of being treated as a necessary component of learning, had become a donkey's burden on the learner and the system.

Dr. Thirumalai welcomed the gathering. Dr K.V V L Narasimha Rao proposed a vote of thanks.

Storm In PCC Meeting

An amendment to the political resolution alleging two acts of indiscipline by KPCC President K.H. Patil resulted in confusion and uproarious scenes in the one-day KPCC general body meeting at Hospet yesterday.

The amendment was moved by Sri E.B Kalamankar and six others and was withdrawn after uproarious scenes for about 30 minutes on the suggestion of Chief Minister Devaraj Urs.

The amendment sought the intervention of the High Command against Sri Patil, who, it said, violated party discipline by absenting himself from the "historic" rally held at Bangalore on June 24 in support of the Prime Minister. It also described as "unconstitutional" the recent elections to the KPCC conducted by Sri Patil.

Governor Cites Role Of Press

(From Our Correspondent)

Bangalore, Sept. 12

The political fabric of the country depended heavily upon the press and democracy hardly functioned unless people had an accurate and objective idea of what was happening elsewhere, Governor Mohanlal Sukhadia said this morning.

Presenting the journalism awards instituted by the Bangalore Reporters Guild, he called upon journalists to make objective and unbiased reporting, presenting facts.

"We have become so much accustomed to newspapers that we cannot think of starting the day without them. They have become really our main contact with outside world to see what is happening everywhere", Sri Sukhadia said.

Assembly Speaker Smt. Nagarathnamma, who presided, complimented the press in the State for good reporting.

Sir,-Is it not surprising that with three traffic constables on duty at the junction of Sayaji Rao and Dhavanthari Roads that right turns are prohibited for vehicles and there is no board to that effect at any place. But, the constables the other day were very clear about it. Will the authorities please clarify ?

India Resents Ford's Remarks

The Government of India yesterday reacted strongly to the comments of US President Ford at a press conference in Washington on Tuesday.

Mr. Ford had said "I think that it is really very sad that 600 million people have lost what they had since the mid-1940s. I think it is a very sad development and I hope that in time there could be a restoration of the democratic processes as we know them in the U.S."

[From Our Correspondent]

Bangalore, Sept. 20

The Karnataka Government has appointed a committee consisting of Sri N. Laxman Rao, Administrator, Bangalore City Corporation, to form byelaws of city, town municipalities and corporations in the State relating to construction of houses, multi storey buildings and utility structures.

Giving this information at the inaugural function of the symposium on national building code here this morning, Sri DeMellow, Secretary to Government, said the new byelaws were almost ready.

Sri Ajit Sinha, Director, Indian Standards Institution, in his address said building byelaws in the country were part of municipal act. Bangalore City had taken quite a big lead in this direction, he said and complimented the State for this.

He suggested a cadre of engineers for all municipalities for effective implementation of byelaws and also creation of urban arts commission to protect historical monuments.

He said the amended edition of the national buildings code would be ready by 1976. This would help engineers and architects all over the country to practice easily without having to study the varying byelaws. Equal emphasis would be paid for fire protection in big buildings. Anti Indian Policy Denounced

Prime Minister Indira Gandhi yesterday strongly condemned attempts of some countries to interfere in the domestic affairs of other nations.

Without making any direct reference to the recent utterances of US President Ford, she said it was not being openly stated in those countries--not by the press alone but by others as well—that they were free to intervene militarily and by economic and political pressures in the affairs of other countries.

In sharp contrast to this, Smt. Gandhi said what India had done in regard to Bangla Desh had been branded as "interference". She referred to the double standards in judging India, and said those who were shedding tears about the happenings in this country, had been supporting autocratic regimes.

Belagula Paper Mills Make Profit

Mysore, Sept. 29

The Mandya National Paper Mills, Belagula, had turned the corner and the period of continuous loss was a story of bygone days, Mill Chairman M.L. Zutshi told newsmen yesterday.

Addressing a press conference, he said despite many odds like shortage of power, water and bagasse, the level of production during 1974-75 had been maintained. The production was 9,200 tons and the net profit earned was Rs. 76 lakhs. The production during the last nine months of the previous year 7,760 was tons and profit, Rs. 18 lakhs.

The production target for the current year has been increased by 1,000 tons to 13,250 tons in response to the 20-point programme, and they were hopeful of achieving it, he said.

Sri Zutshi said the Mill would be expanded to 100 tons a day at a cost of Rs. 27 crores. The expanded mill was likely to go into production by 1978.

The Mill was giving 30 per cent of its production at subsidised rate of Rs. 2,750 a ton to State Governments for printingtextbooks and preparing note books. The Mill was opening a depot soon at Bangalore, he said.

The Chairman added that the Hindustan Paper

Corporation had prepared two more projects of one lakh ton capacity each in Assam. They were awaiting financial approval of the Government.

The Rs. 110-crore newsprint mill at Veloor in Kerala would go into production by October 1978. Work on the site had begun on this month 15th. It would produce 80,000 tons per annum. It would be the first mill in the world to produce paper by utilising eucalyptus.

The 100-ton mill at Nagaland, which was under construction now, was expected to be commissioned by Sept. 1977. The cost of the project was Rs. 62 5 crores, he added.

Mandya National Paper Mills General Manager R.C. Kothari and other Officers were present at the news conference.

PermanentExhibition Complex

GOVERNOR'S PLEA ; MINISTER'S ASSURANCE

Mysore, Oct. 6

Governor Mohanlal Sukhadia urged the State Government here today to take early steps for making the Dasara Exhibition a permanent feature in Mysore to highlight the progress of Karnataka.

Inaugurating the Dasara festivities and the Exhibition, he said that during the last two years there had been many changes in the social and political life in the country. Consequently the structure of Dasara celebrations had inevitably undergone a change.

But, he said he believed that the content of Dasara would remain in tact, as that was based upon something which was common in all of us and a part of our heritage. While the celebrations might lack its association with royalty, they still retain their core, for it was a festival of all people, he said.

From the past two years, there was no Dasara in Mysore. "I view this as a period of adjustment when we are trying to adapt its form to suit the modern conditions. With some trial and error, we will succeed surely in evolving a Dasara which will become as important as it was formerly", he said.

Industries Minister S.M. Krishna, who deputised for Chief Minister Devaraj Urs, who has been advised rest by doctors, said in his presidential address that the Government had decided to construct a permanent exhibition complex at Doddakere and it had already acquired the land.

The construction could not begin last year due to paucity of funds. He assured that all efforts would be made to see that the next Dasara Exhibition was conducted in the new premises.

The Minister said that Mysore was fast developing as an industrial city and today it was growing as the second biggest industrial centre after Bangalore in the State. One of the problems faced by new entrepreneurs was lack of sufficient housing and this should be tackled early, he said.

Welcoming the gathering, Dasara Industrial & Cultural Exhibition Chairman F.K. Irani said for the first time the celebrations were being conducted by a citizens' committee.

General Secretary D. Jayadevaraje Urs read a report and Sri B.C. Lingaiah proposed a vote of thanks.

K.R. Circle Statue

Sir,-The Statue of His Highness late Sri Krishnarajendra Wadayar Bahadur IV stands in the hub of our City. It is erected in memory of His Highness, who during his memorable reign made Mysore a model State; it is His Highness's rule that brought the encomium of "Ramarajya" from Mahatma Gandhiji. The statue was opened by no less a person than Dr. M. Visvesvaraya, one of the chief architects of modern Mysore.

The colour of the dome is brownish-mud colour- a colour used for inauspicious grounds; again the columns have black colouring—sign of mourning.

Certain colours are suited to certain sceneries. I suggest that the dome be painted sky-blue or dark blue; the pillar columns may be in whitelead.

During Dasara this year. many visitors are expected to come and it is urgent that the above suggestions are considered and necessary action is taken.

DASARA PROCESSION TODAY

Mysore, Oct. 14

All is set for the colourful Vijaya Dasami procession this afternoon which comes as a grand finale of the 10-day Dasara festivities.

The procession which starts with the Nandi Kamba at 2-55 p.m. will be historic because the tradition-bound Dasara has taken a significant turn as "Janatha Dasara" in all its aspects. What was a royal function attached with religious ceremonies has today become the Dasara of the citizens.

The star attraction of the procession will be Goddess Chamundeswari- a newly carved out three-foot wooden figure on the model of Goddess Chamundeswari in the Chamundi Temple. The decorated figure of the Goddess will be placed in the 14-ton golden howdah caprisoned on "Rajendra".

A 21-gun salute will herald the starting of Chamundeswari from the Palace at 4-35 p. m. When the procession reaches Banni Mantap, there will be an attractive torch-light parade where Chief Minister Devaraj Urs will receive the salute.

THE PROCESSION

Forty motor-cyclists, two camels, signal elephants, tadleau of Swami Vivekananda with Chamaraja Wadiyar, Kombu-Kahale, Chatri-Chamara, Dollu Kunita, Donne Varase, tableau of Nrupathunga, Keelu Kudure, tableau of Keladi Chennamma, Yakshagana troupe, tableau of Male Mahadeswara, Pooja dancers, tableau of Tippu Sultan, Sevadal, Home Guards, tableau on International Women's Year, NCC, Air Force, Navy, Defence Forces tableau, tableau on religious harmony, silver chariot, golden palanquin and Karnataka band will follow the Nandi Kamba.

Then come the Divisional Commissioner, the DIG, the Municipal Administrator, the Deputy Commissioner and the Municipal Commissioner on horse-back followed by Nagaswara and Bharata Mata on elephant back. These will be followed by people in traditional dresses, Reserve Police, English Band, Nagaswara and Palace honours.

Then comes Goddess Chamundeswari in golden howdah. Mounted police, reserve police, fire brigade, ambulance and police van will form the rear guard.

BANNIMANTAP

After wending a 4-km distance through Sayaji Rao Road, the procession will terminate at Banni Mantap at 6-15 p.m. to the booming of 21 guns. At 7 p.m., there will be a torch light parade. About 1200 children and policemen will participate in mass drill and cultural programmes.

At Town Hall Maidan the procession may be seen from inside a Shamiana with tickets of Rs. 25 and Rs. 10. The torchliget Parade may be seen by purchasing tickets of Rs. 25, Rs. 10, Rs. 5 and Re. 1.

People in large numbers are pouring into the city to witness the procession. Record number of tourists visited the Palace to see the throne yesterday. A capacity crowd watched the Theppotsava despite heavy rain.

TV - AIR COVERAGE

The procession will be televised and also relayed by the A.I.R.

The Dasara celebration committee headed by Sri F.K Irani has left no stone unturned to make the "historic" Janatha procession a grand success so that it could become a permanent annual feature to help retain the waning prominenice of Mysore City.

A GOOD MUSIC PERFORMANCE

Mysore, Oct. 28

Under the auspices of T. Chowdiah Smaraka Samaskritika Sabha, V. V. Mohalla, a vocal recital by Padmashri Semmangudi Srinivasa Iyer was held on last Friday at the Centenary Hall.

Padmashri Lalgudi Jayaraman and Vidwan Umayalapuram Shivaraman accompanied on violin and mridanga, respectively.

Srinivasa Iyer is an old giant who has been performing since 35 years and more. He started with the Begada Aditala Varna Intachalama. After singing Devadava he did a Kirtana in Harikambhoji raga. His rendering of the Swarjita Kamakshi in Bhairavi was full of raga and sahitya bhavas. He elaborated Shankarabharana and did the Pallavi Satani-Bhajana-Jesevariki–Takkuvagalaoa Rama. After singing a Javali, a Sloka and Tillana, the performance came to a close.

Srinivasa Iyer has got an inimitable style which marks out his personality. His movement and rhythm add to the attraction of his singing. Lalgudi with his bow and fiddle works wonders with ease. Everything he touches is melodious. Shivaraman's mridangam has softness and accuracy. These two Vidwans lent great support to Srinivasa Iyer.

It is a rare opportunity to hear old masters who are yet in form and have not yet lost lustre of the tone The Sabha has to be thanked for arranging this grand performance

CM's Call To Policemen

Mysore, Nov 7

Chief Minister Devaraj Urs asked the policemen here today to remember that they were no longer the policemen of the "police-raj" of the past, but they were policemen of a "democratic-raj".

He was taking salute at the passing out parade of the seventh batch of nine probationary Deputy Superintendents of Police and declaring open the Rs. 7.5 lakh new Police Training College building at the Police Parade Grounds.

Sri Devaraj Urs said it was true that the task of the policemen had become onerous with increased responsibilities. But this should not deter them from adopting themselves to the situation.

In a democratic country the job of a policemen was realy very difficult as they were criticised both for doing the job and for not doing the job. Proper training therefore was essential so that they could equip themselves both physically and mentally to the environment in which they worked, he said.

Sri Urs said that it was not enough if the police officers sit in offices and received petitions. They should go round and find out whether the laws passed by the Government were being obeyed. The Government was bringing forth many measures particularly for the sake of the weaker sections. These measures had to be implemented successfully. Defending the promulgation of emergency, the Chief Minister said it had been promulgated at the right time to check growing indiscipline in all walks of life in the country.

In our State the police force had always been a disciplined one and of late the Government had taken several steps in imparting proper training to them so that they could be better equipped for their job, he added.

Welcoming the Chief Minister, Inspector General of Police C.V.S. Rao explained several measures taken by the Government to improve the police force in the State.

He said three more dog squads would be started including one at Mysore.

The Chief Minister awarded prizes to Sri K.V. Ravindranath Tagore and Sri Chandrasekhar, the newly trained Dy. S.Ps. for securing highest marks.
